Sacred Sunday and Weekly Half Holiday

The action of our people at August conference last year was re-affirmed by Stake Presidency and High Council Tuesday.

There has been considerable agitation of late on account of Sunday base ball. That our valley boys might form a part of the League, it seems necessary to play ball on Sunday, in the face of what we all know to be wrong, this we cannot consent to.

We are now face to face with the necessity of setting apart and maintaining a weekly half holiday. We do not blame the boys who want to be recognized in the League, and who should have the pleasure of the game, but we are to blame as parents and employers for not providing a weekly half holiday. We are now urging all to join with us in a movement to strengthen our position and avert Sunday desecration.

We have encouraged a full discussion upon the question of allowing games played on Sunday evenings, but even this would be a break down from our high ideals which would give license for other violations, until it would be impossible to regain our standard of right living as a truly Christian people. We want to meet the situation squarely, and whatever the sacrifice financially, let us meet it, what is that compared to the value of our boys and girls? We ask you to read what President Joseph F. Smith says on the subject, as contained in "Gospel Doctrines," his ser-

mons and writings, on pages 309-10.

We stand for a sacred Sunday and urge all to join in the movement to provide a weekly half-holiday and we hope all will discountenance every effort to break down the high standards of our people by games and excursions, celebrations and such other illegal proceedings on the Sabbath Day.

We re-affirm the slogan of our Y. M. and Y. L. M. I. A., and ask all members of the church to fully sustain its principles and respectfully ask our neighbors, not of our faith, to respect our desires in this direction.
